Life is exciting. Let us help.

KIDS 4 HARMONY

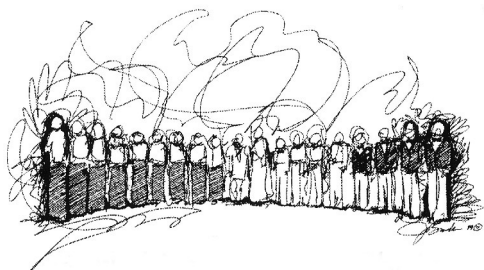

Kids 4 Harmony is a free, intensive classical music program for youth from some of the most under-resourced communities in Berkshire County.

Inspired by the El Sistema model of music for social justice change, Kids 4 Harmony uses an art form to build opportunity and open closed doors.

With a three-pronged focus on musical excellence, student well-being and development, and family support, Kids 4 Harmony builds accomplishment, discipline, grit, aspiration, and family community engagement to tip the scales on social justice.

A portion of the proceeds from this concert will be donated to the local Kids 4 Harmony program.
